

RSVP's BEAUTY BUZZ

GET BEACH READY IN NO TIME WITH THE HOTTEST PRODUCTS AND BEAUTY TREATMENTS ON THE MARKET NOW.

BRONZ' EXPRESS

Glowing, radiant skin was a prominent feature backstage at the SS14 shows with minimal makeup evident. Nothing says healthy more than a soft glow of the skin to brush away any winter pallor.

Get backstage beauty with a Bronz'Express natural-looking golden tan. Not only is Bronz'Express a multiple award winner, but it will have Irish skin glowing like you have just come back from an exotic holiday.

Tanning tips from Bronz'Express:

- Make your golden glow last from beach to bar this summer by prepping the skin first. Exfoliate thoroughly to remove any dead skin and moisturise well.
- Any waxing or shaving should be done 24 hours in advance of tanning.
- To avoid streaking, avoid using any oil-based products or deodorant prior to application.
- Moisturising the tan twice a day will lock in hydration, which will help your Bronz'Express tan to last for up to five days and encourage an even and gradual fading.
